## Chancellor's Welcome.

It is my great pleasure to welcome graduands and guests to the University of Northampton Award Ceremonies 2024. It is an honour and privilege for me to be Chancellor of the University and I would, therefore, like to add my personal and warmest congratulations to the graduands on this landmark achievement. The recognition that this award ceremony gives is theirs alone, in that without their efforts we could not be here. Well done every single one of you.

The Award Ceremonies are not only the culmination of the graduand's learning and recognise the achievement of their qualification, but also celebrate the support and counsel provided to them by staff of the University, fellow graduands and their family and friends. We welcome these family members and friends to the University, some of whom may have travelled considerable distances to join us here today, and hope that everyone will enjoy the ceremonies, the hospitality and being part, albeit for a short time, of the wider University community.

A word for our graduands - I know you will have had new experiences, opportunities and much inspiration during your studies. Whatever the future holds for you now, whether it's further study, or entering or returning to the world of work, may I wish you every success.

**Reverend Richard Coles**  
Chancellor

The University of Northampton

## Vice Chancellor's Welcome.

I join the Chancellor in welcoming you most warmly to these Awards Ceremonies.

The University of Northampton, through its antecedent institutions, has a long and distinguished history and today is a vibrant institution with over 14,000 students from over 100 countries around the world, 2,000 staff and an annual turnover of almost £180m.

In addition to extensive undergraduate, postgraduate and research degrees, the University offers professional training in a wide range of disciplines related to the employment needs of the region. We welcome part-time students and adult learners undertaking professional and career development. We are committed to working in strategic partnership with a diverse range of organisations in support of those able to benefit from higher education.

Our research output, a vital component underpinning a quality student experience, continues to grow, as does our income generated from enterprise and other commercial activities. At the same time wider engagement by staff in outward-facing activity enables them to remain at the cutting edge of their subject areas. Finally, from a position of privilege as the only university in the County, we would like to acknowledge the generous support shown to us by our alumni and friends over the past year.

These Award Ceremonies are primarily occasions of great personal significance to our students, together with their families and friends, but they are also academic and civic ceremonies, which are of considerable importance to our town and County.

I hope that you will all – our graduates, friends and families, and the many guests of the University of Northampton – enjoy these ceremonies and take pride in the achievement of our students and our University

**Professor Anne-Marie Kilday**

## Vice Chancellor's Awards

Two special recognition awards from Anne-Marie

### Andrew Pilkington

Professor of Sociology

"In the early 1990s following the appointment of Martin Gaskell as Rector of Nene College it was decided that the College would seek Taught Degree Awarding Powers. Andrew worked closely with senior managers to support this process, which was achieved in 1993, and was instrumental in achieving University Title and Research Degree Awarding Powers in 2005.

Being in this very building as the @University of Northampton' is, in part, due to his hard work and endeavours.

Alongside this institutional work, Andrew as played a major role in shaping and advancing research in social sciences at the University, nationally and internationally. As a Professor of Sociology, he is internationally recognised for research and scholarship on anti-racism and inclusion, particularly in relation to diverse forms of institutional racism.

This September marks his 50th anniversary of working in higher education in Northampton. An incredible accolade."

### Mandy Smith

"Words can scarcely express the profound impact Mandy had on the University and the countless colleagues she met during her tenure, since joining the University in 1987. Her unwavering commitment, passion for her work, and boundless compassion for others made her a truly exceptional member of the UON community.

Mandy will be greatly missed by her many friends and colleagues, over 100 of whom came together in March in the Memorial Garden to celebrate Mandy's life and her significant contribution to the University.

As her plaque in the Memorial Garden reads: 'Mandy Smith. A much-missed sister, friend and colleague remembered for her kindness and generosity towards others, treasured comradeship and remarkable humour'."

### Dave Askew

#### Conferment of an Honorary Fellowship

**Dave Askew will be presented by Declan Ryan at a ceremony on Thursday 14 November.**

In 2013, Dave had a wakeup call. His family had witnessed his mental and physical health declining, taking action on his behalf, his wife booked him a doctor's appointment. Dire advice from the doctor spurred Dave to address his mental health, and the physical toll it was taking on his body.

Leaving his highly paid job in banking and training, inspired by advice from his daughter, Dave started walking, taking pictures and adding them to his blog. Step by step, Dave's mental health was improving. Along that journey, other people in Northamptonshire also began to take steps to improve their own mental health, using his catalogue of county-wide walks. In just a few years Dave had plotted over 150 walks. In 2020, he had over half a million visitors to his website.

During lockdown and in less than a year, his Facebook page went from 1,500 to over 15,000. He currently has over 30,000 members and over 5,000 followers on twitter.

Though his website and social media presence, Dave helps to bring mental health issues out into the open and is admirably modest about the success of his Northamptonshire Walks.

## Graduating Research Students.

A doctorate is the highest award that a university can make for a course of study. It recognises that the researcher has made a significant contribution to human knowledge in their given field. To achieve a doctorate, a candidate will have spent years conducting original research and writing a substantial thesis, which will have been examined by experts in their discipline.

At these ceremonies, we celebrate the achievements of these Postgraduate Research Students. We also recognise those who have supported them along the way, including their supervisors, research collaborators, staff from across the university, and also family and friends. ## Your career support.

As a graduate of UON you are eligible for lifelong support from our careers and employability services. Be it support with creating/updating a CV, access to recruitment fairs and networking opportunities, or expert one on one advice, the team are there to help.

Unitemps is also available for graduates looking for part time work or graduate opportunities so remember to check their website, [www.unitemps.com](http://www.unitemps.com), to see what they have to offer.

## Don't stop now.

You're now eligible for 20% discount on postgraduate study at the University of Northampton. If you're not quite ready to leave us yet, come and study a Master's! There's more information available online at [northampton.ac.uk/postgraduate/](http://northampton.ac.uk/postgraduate/)

## Keep in touch.

We are on hand to help you stay in contact with your classmates or lecturers so if there is someone that you have fallen out of touch with, please let us know and we will try to reconnect you where possible. Also, instead of just running formal Alumni events a few times a year, we'd rather work around you. If you're thinking about organising a reunion or creating a small Alumni group in your area please let us know we'd love to help you through the process!

We love to promote our graduates and hear more about what you have been up to after graduation so please remember to let us know about any achievements you gain that you are proud of.

## Keep an eye out.

We will be sending you monthly emails in the form of an Alumni newsletter to keep you up to date with news, events, CPD possibilities, careers support and what other Alumni are getting up to.

## Help shape the future of UON.

The Graduate Outcomes Survey is the largest annual social survey in the UK. Its goal is to find out what graduates are up to after they leave university, and how their university and their course may have helped. Use your graduate voice to shape the future of the university and help future students by completing the survey which will be sent to you 15 months after graduation.

## If you need us.

You have graduated, but that doesn't mean that we have stopped supporting you. If you find you need assistance, be it information about further education, careers support or just a reminder of your student number, get in touch and we will be more than happy to help you.

## ACADEMIC DRESS BASICS

- Academic caps will vary based on degree level, with mortarboards (square caps) being worn for graduates up to the doctoral level. Doctoral graduates will typically wear a cloth or velvet bonnet with a coloured tassel.
- Hood colours represent both the institution and its faculties. For example, the blue in the image to the right represents the University of Northampton, with the red representing the Faculty of Arts.
- Hood shapes will differ based on the level of the degree. Undergraduates will typically have a simple-shaped hood, while postgraduates will typically have a more complex or full-shaped hood.
- Gown shapes and colours will indicate different degree levels. For example, bachelors degrees will typically have simpler pointed sleeves, while masters degrees will have longer, more elaborate sleeves.

## Posthumous Student Awards.

A posthumous award is conferred upon a student who has passed away during their time with the University of Northampton in order to recognise study already completed and acknowledge what would have been achieved.

### Tuesday 12 November at 4pm Loveness Gandi MSc Advanced Occupational Therapy.

#### Loveness' family write:

On this day we celebrate your hard work and dedication. We are filled with pride and joy for everything you achieved. This achievement is a testament to your perseverance and sheer determination to achieve all the best things in life.

This day marks greatness. Loveness was driven and ambitious and we too should be. Let's take this day to honour Loveness' memory. You will always hold a special place in our hearts and your memory will continue to inspire us to live life to the fullest as you did.

#### Nicola Cumbleton writes:

Loveness completed her undergraduate degree in Occupational Therapy at the University of Northampton at Park Campus then returned to complete her MSc with us on the new campus. All were glad to see her come back.

Throughout all of her studies, Loveness was a well loved and respected student who always contributed in class and helped by sharing her experiences and knowledge as both a student and on her return as a qualified therapist in her masters. She was always so friendly, warm and ultimately kind, helping others and supporting those who needed extra help.

Loveness' return to study was not without challenges and her open and honest

approach to completing her study in spite of these earned her a valued respect by all who taught her. She deserved every part of the success that she experienced and was everything an OT should be. Kind, empathetic, resourceful and resilient while remaining compassionate with a good sense of humour to help get through the hard times. She is a great loss to us all and the profession.

#### Lisa Arai writes:

I met Loveness while she was completing her MSc dissertation in Occupational Therapy and supported her with development of her research skills. She was a diligent and hard-working student who applied herself to her research project and was keen to advance herself in her chosen career once it had been completed.

All who knew her spoke of her warmth, friendliness and caring nature. I was sorry to hear of her passing; she would have been an asset to the profession of Occupational Therapy. She will be greatly missed by staff and fellow students at the university.

### Wednesday 13 November at 4pm Mercy Dapel Doctor of Philosophy.

#### Mercy's family write:

Mercy was a woman of extraordinary strength, resilience, and unwavering dedication. Despite facing health challenge, she remained resolute in her pursuit of knowledge and was deeply committed to her studies. Her dedication to her studies and her journey was a testament to her courage and determination.

Beyond her academic accomplishments, Mercy was a loving wife and mother who filled our home with love, warmth, and kindness. She balanced her roles with grace, always putting her family at the centre of her heart while maintaining an unshakable commitment to her research work. Her ability to pursue her dreams, even when faced with adversity, was nothing short of inspiring.

Mercy's posthumous award is a fitting recognition of her hard work and dedication. We are extremely proud of all that she accomplished and deeply grateful that her work is being honored. Mercy carried herself with grace and resilience. Her laughter, her wisdom, and her gentle spirit filled our lives with joy, and her absence leaves a deep vacuum in our hearts. Mercy will always be remembered with love and admiration. Mercy was deeply loved and will be forever missed by her family and friends.

#### Michael Opoku Agyeman writes:

We extend our deepest condolences to Mercy's family and loved ones. Mercy was a truly remarkable person—respectful, kind-hearted, and steadfast in her dedication. She has left an indelible mark on all who knew her, and her memory will forever remain in our hearts.

As a Master's student, Mercy's hard work and perseverance stood out. Her commitment to excellence was recognized by faculty and staff alike, as she demonstrated consistent improvement in her academic performance with each passing semester. Always willing to help others, she would often stay back after

classes to study and lend a hand where needed.

Throughout her PhD studies, Mercy displayed extraordinary resilience and strength. Despite battling cancer, she continued her work with a warm smile and a positive outlook. Her determination was unwavering; she was known for her punctuality, politeness, ambition, and professionalism.

Mercy was an exceptional individual who met every challenge with grace and determination, leaving behind an inspiring legacy of hard work, kindness, and unwavering spirit.

#### Chijioke Uba writes:

I remember the first time I met Mercy at her first supervisory meeting. She was relaxed but very serious. She wanted to start and complete her PhD and she worked extremely hard towards achieving this despite health challenges. She once called me from hospital to discuss her PhD. When I learnt she was calling from the hospital and suggested it was best to discuss PhD when she felt better, Mercy's response was typical her – "I am fine by God's grace...I can still call you briefly, Sir". Her level of determination was like none that I have seen. She was also so kind, so pleasant, and willing to help others, including providing me with tips on how to manage the kids when my wife travelled. Mercy was the epitome of bravery, hard work, and politeness. More importantly, she was a very strong Christian and believer in God's "mercy". I am sure that she rests in peace, with God who she trusted, from start to finish.

May her memory be a blessing.

## Coat of Arms.

The themes associated with the Coat of arms are essentially concerned with the physical location of the University within the Borough of Northampton and the County of Northamptonshire, together with the central activities of the University.

The Borough is depicted in the left-hand supporter, a lion rampant, and in the central triple-turreted castle. It is also evident in the similar castle footstools for both supporters. The Main County reference is in the right-hand supporter of a bull with a golden chain and is depicted in the Tudor rose held by the roebuck. The County colours of blue, green and silver are also a feature of the Coat of Arms.

The linking of Borough and County through the imagery of the River Nene is strongly pursued with two horizontal representations of the river, one on the central shield and one below the supporters.

The University's activities are reflected in the central feature of books of learning and the vocational technology perspective is illustrated by linked cogwheels. The University's concern with learning is nicely encapsulated in the motto 'Ne Nesciamus' - Let us not be ignorant'. The first four letters spelling Nene, for Nene College, an antecedent institution title of the University of Northampton.

Finally, The University's long association with the Worshipful Company of Leathersellers is depicted by the inclusion of the roebuck from its own coat of arms.
